Circular

All Unit Offices are hereby directed to ensure that, while seeking approval of draft replies in litigation matters, complete and accurate factual details, all relevant documents, and particulars of any previous litigation concerning the subject matter are invariably shared with the learned Panel Advocate to facilitate the preparation of a comprehensive and legally sustainable draft reply. The said comprehensive information should also be shared with Head Office while forwarding the draft-reply for approval.

Further, the concerned Legal Officers at the junior level entrusted with the responsibility of vetting draft replies at the Head Office shall undertake a thorough legal and factual scrutiny of the proposed reply. They shall specifically ensure that all relevant factual and legal aspects, including those having a bearing on the maintainability of the writ petition and other preliminary objections, are duly examined and appropriately incorporated in the draft reply before according approval.
